## **The Fall Retreat**

The Fall Retreat is all about helping students from FBC Springfield learn how to love God because of his saving work on the cross. By studying what it means that Christ imputed his righteousness on us, FBC Springfield students will better understand who God is and how he saves lost sinners. The atoning work of Christ on the cross declares sinners saved through faith alone. Justification is imputed not infused gradually over time.

### **Theme: “Imputation Not Infusion”**

This year's Fall Retreat will be “Imputation Not Infusion.” This theme discusses the doctrine of justification so we can correctly know that salvation is a gift. Imputation explains how Christ's righteousness is declared or imputed onto his children at point of conversion. Infusion is technically a made up word meaning infusion. This speaks to the fact that salvation is not gradually infused into believers as they progress in holiness.
