

December 2022

Headed Back

As our time in the US is drawing to a close and we head back to the island on December 14th, we say just as the Apostle Paul in **Philippians 1:3-5**, "I thank my God...because of your partnership in the gospel." The past few months have taken us to different churches, multiple states, and even other countries. But the constant has been you all who eagerly join us in gospel partnership, and for that we are grateful.

Please continue to join us in partnership in prayer:

- A smooth transition back into relationships, life, and ministry
- Open doors for the message of the gospel this Christmas season
- Wisdom in goal setting for 2023 and to join where God is at work

Some days we were racing from one place to the next. But it was always better together!

Your Generosity Impacts the Nations!

Thank you! Your generosity makes it possible to do what we do. We are in this together and this is the time of year your gifts make the most impact in our annual Christmas offering. You can go [here](#) if you feel led to partner with us in this work.
