## BLESSING

With the start of June, summer is upon us and it is hard to believe that I am nearing my one year mark of living and serving in Spain. The Lord has been so gracious, kind and faithful. Thank YOU for your consistent partnership, support and encouragement. I thank the Lord every day that you continue to partner with Him and partner with me in the work that He is doing here in Spain and beyond!

This past week I enjoyed time with my 22 year old nephew. We taught my English class at Tharsis together, spent time with my Spaniard community and visited my dear friend Salma. She told me, "I need to meet your nephew because he is my nephew too!" We had a really sweet visit where he tried his first mint tea and we laughed a lot!

## PRAISE AND PRAYER ITEMS:

- \* Praise God for quality time with my nephew and with loved ones here. Each time my local community meets my family members, I feel like it knits our hearts together even more.

- \* Praise God that we participated in the last Perspectives lesson on Saturday and celebrated with lunch afterward! It has been such an encouragement see the dedication of the students and hear how the Lord is working in their hearts and minds.
- \* Please keep praying for a smooth process in renewing my residency card. I received some of the documents that I need but I have to gather some other documents before scheduling an appointment.
- \* Continue to pray for the following June events: hosting the Media Team Leader from the home office (she arrives tomorrow!), attending a conference with my team from June 16-20, and hosting the DreamTeam (end of the month). May the Lord use all these things to advance His Kingdom.
- \* Pray the Lord would be glorified through the opportunity of hosting a Saharawi child from the refugee camps for 2 months this summer. I learned today that I will receive an 8 year old boy. Please pray for this child, his family, our relationship and that God will use this to make a Kingdom impact.
